| May 7       | **Student:** Sara Ramirez  
**Mentors:** Adina Lieberman, MPH, Dominique Ruggieri, PhD, and Robert Schnoll, PhD  
**Title:** Communication about potential detention and deportation: An exploratory qualitative study of Latinx families with mixed immigration status |
| 10:15 AM    |                                                                                      |
| May 7       | **Student:** Kara Martin  
**Mentors:** Heather Klusaritz, PhD, MSW; Alice Yoder, RN, MSN; and Courtney Summers, MSW  
**Title:** Quality improvement efforts around community planning at Penn Medicine: Preliminary findings from the Community Health Inventory survey |
| 10:35 AM    |                                                                                      |
| May 7       | **Student:** Teni Egbe  
**Mentors:** Diana Montoya-Williams, MD; Kate Wallis, MD, MPH, and Scott Lorch, MD, MSCE  
**Title:** Risk of stratified preterm births by maternal nativity: Evidence against an immigrant paradox |
| 10:55 AM    |                                                                                      |
| May 7       | **Student:** Catalyst Twomey  
**Mentor:** Sara Jacoby, PhD, MPH, MSN  
**Title:** Patient Perceptions of their long-term outcomes after traumatic injury: Identifying opportunities for a trauma-informed continuum of care |
| 11:15 AM    |                                                                                      |
| May 7       | **Student:** Anna Filipczak  
**Mentors:** Kate Wallis, MD, MPH and Katherine Yun, MD, MPH  
**Title:** Language services at Pennsylvania hospitals: A needs assessment survey for LEP and ASL interpretation |
| 12:20 PM    |                                                                                      |
| May 7       | **Student:** Rebecca Koppel, MSW  
**Mentor:** Evan Anderson, JD, PhD  
**Title:** Diverting arrest and reducing harms associated with substance use disorder: Understanding experiences in the Philadelphia Police Assisted Diversion program |
| 12:40 PM    |                                                                                      |
| May 7       | **Student:** Quratul-ain Qaiser, MD  
**Mentors:** Ashlee Murray, MD, MPH and Christine Forke, PhD, MSN, CRNP  
**Title:** Preparing pediatric hospitals to address intimate partner violence within families: A new tool to assess readiness |
| 1:00 PM     |                                                                                      |
| May 7       | **Student:** Areeba Shaikh  
**Mentors:** Ashlee Murray, MD, MPH and Christine Forke, PhD, MSN, CRNP  
**Title:** Preparing pediatric hospitals to address intimate partner violence within families: A new tool to assess readiness |
| 1:20 PM     |                                                                                      |
| May 7       | **Student:** Meghana Sharma  
**Mentor:** Carolyn Cannuscio, ScD, ScM  
**Title:** Opening the book on librarians’ perceptions: Understanding community needs around exercise, nutrition, and food access |
| 1:55 PM     |                                                                                      |
| May 7       | **Student:** Yuer Deng, MSW  
**Mentor:** Irene Wong, PhD  
**Title:** The stigma of mental health in rural China: Stories from frontline providers |
| 2:15 PM     |                                                                                      |
| May 7       | **Student:** Rachel Levy  
**Mentor:** Anne Teitelman, PhD, FNP-BC, FAANP, FAAN  
**Title:** The Just4Us intervention to increase PrEP uptake for women at high risk for HIV: Creation of a facilitators training manual |
| 2:35 PM     |                                                                                      |
| May 7       | **Student:** Candace Wickliffe  
**Mentors:** Holly Fernandez Lynch JD, MBE and Emily Largent JD, PhD, RN  
**Title:** Factors influencing offers of payment for clinical trial participation: Paying individuals with an opioid use disorder |
| 2:55 PM     |                                                                                      |
| May 7       | **Student:** Cody Mullens  
**Mentor:** Evan Anderson, JD, PhD  
**Title:** Emergency department utilization associated with opioid-related harms in Philadelphia County |
<p>| 3:15 PM     |                                                                                      |</p>
