Bringing a Data-Driven and Public Health Approach to the District Attorney’s Office

THE SPEAKER

Larry Krasner, Philadelphia District Attorney

Philadelphia’s District Attorney, Larry Krasner, has been recognized for reinventing the role of prosecutor into a leading champion of criminal justice reform in the United States. Throughout his 30 year career, Mr. Krasner has also proudly demonstrated a steadfast commitment to social justice, having defended protesters pro bono who were involved with movements including ACT UP, Black Lives Matter, progressive clergy with POWER, Casino-Free Philadelphia, DACA Dreamers, among many others. Importantly, he advocates for a public health approach to substance use and challenges, which have typically, and harmfully, been addressed through punitive approaches.
