12:00pm - 1:30pm  
University of Pennsylvania  
Golkin Room, Houston Hall  
3417 Spruce Street  
Lunch will be provided

## Alex's Lemonade Stand and the Fight Against Childhood Cancer

Join us to discuss the history and impact of Alex's Lemonade Stand. The panel of presenters, including Liz Scott (Alex's mom), will explore childhood cancer from a variety of viewpoints including the development of new treatment options, survivorship, and palliative care. We will also explore the impact that individuals can make on medical and public health initiatives that improve the health of people nationally and globally.

### Presenters Include:

**Liz Scott**, mother of founder Alex Scott and Vice President of Outreach and Communications, Alex's Lemonade Stand Foundation

**John Maris, MD**, Chief, Division of Oncology and Giulio D'Angio Chair in Neuroblastoma research, Children's Hospital of Philadelphia; Director, Center for Childhood Cancer Research

**Anna Meadows, MD**, Emeritus Professor of Pediatrics, University of Pennsylvania and Children's Hospital of Philadelphia

**Tammy Kang, MD**, Medical Director, Pediatric Advanced Care Team, Children's Hospital of Philadelphia
