EVIDENCE AND CONTROVERSY IN PUBLIC HEALTH

CPHI 2012-2013 Seminar Series

Recent changes in mammography screening guidelines: Evidence, controversy and new insights

Please join us as we discuss with a panel of experts how the Preventative Task Force came to their decision to update mammography guidelines, the evidence they used, the roll-out plan they used to let the public know, the clinical implications of this new policy and the ensuing controversy that has followed it.

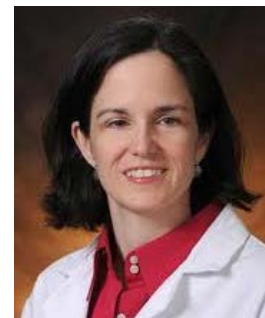

Featuring **Sandy Schwartz, MD**

Leon Hess Professor in Internal Medicine, University of Pennsylvania
and member of US Preventive Health Taskforce

Emily Fox Conant, MD

Professor of Radiology at the Hospital of the University of Pennsylvania

Susan Domchek, MD

Basser Associate Professor in Oncology, Perelman School of Medicine,
