

UNNATURAL CAUSES

Exploring Health Inequalities through the PBS Series

An Interdisciplinary Speaker & Video Series at PENN for 2008-2009

Part VII: Collateral Damage

with **Rachel Poulain, MPH**

Unnatural Causes Series Associate Producer & Director of Outreach
California Newsreel

& **Giang Nguyen, MD MPH MSCE**

Assistant Professor
Family Medicine & Community Health
University of Pennsylvania

This final episode in our Unnatural Causes speaker series will explore how the lives and health of Marshall Islanders were disrupted when the United States occupied their nation and used their outer islands for extensive nuclear testing. After viewing the episode, a discussion will be led by Ms. Poulain and Dr. Nguyen focusing on both the issues introduced in "Collateral Damage", as well as actions we can take to address the social inequities explored throughout the series.

Wednesday, April 15th, 2009 @ 12-3pm

Location: Amado Recital Room, Irvine Auditorium (3401 Spruce Street)
