Associate Professor of Obstetrics and Gynecology, Drexel University
Senior Investigator, National Children’s Study, CHOP Study Center

Monday, October 20th, 12:00-1:30
Claudia Cohen Hall (formerly Logan Hall), the Terrace Room
rsvp: cphi@pobox.upenn.edu
lunch will be provided

Infant mortality rates among African Americans remain twice as high as among whites. African American women with graduate degrees still face a greater risk of delivering pre-term, low birth-weight babies than even white women who didn’t finish high school. Join Dr. Jennifer Culhane as she discusses the possible causes of racism as a long-term risk factor.
